✧General × Information.✧

ADMISSION.

1. Applicants for admission must furnish evidence of good moral character, and produce certificates of honorable dismissal from the institutions of which they were last members.

2. A student may enter at any time and be assigned to proper classes.

3. All candidates for admission are examined, and assigned to such classes in the schools of their choice as they are prepared to enter.

4. Students are required to report to the President within twenty-four hours after their arrival in town.

COURSE OF STUDY.

Special attention is paid to English Composition and Declamation ; and all students are required to take the School of English. They may select such other studies as their parents or guardians desire. Every one is required to have at least fifteen recitations a week.

The time required to complete the course of study for any degree will depend upon the previous preparation and upon the diligence of the student.

By giving extra assistance on studies that may be behind, one or two years of time and much money are often saved.

Preparatory courses of instruction are arranged for the accommodation of those who are not prepared for College classes.

PLAN OF INSTRUCTION.

In every department the instruction is practical.

In all sciences the students are required to use apparatus and instruments.

Original problems are solved ; and much attention is paid to original essays.

Lectures are occasionally given by the professors when thought serviceable to students; but the rule is, that students themselves perform in the class room, the object being to make them proficient in demonstration and explanation.

Professors and teachers are occupied as many hours as are necessary to examine thoroughly each day all the members of every class, and thus allow no neglect of any study.

The classes are divided into small sections so that each student may receive special attention. The members of sections are arranged according to merit in each branch, and the students are kept constantly stimulated to obtain and preserve good positions.

The progress of each class and the relative merit of the members are recorded. At the end of each week the results are reported to the President, and afterwards posted upon the bulletin board for encouragement or warning.

There are weekly reviews in every study, and no student is allowed to pass any portion of the text without understanding the subject.

GOVERNMENT.

The government is administered by the President and Professors in accordance with the regulations adopted by the Board of Trustees. A copy of the laws is kept in each student's room.

The laws inculcate manly virtue, preserve order, require sobriety and morality, protect and encourage good students, and do not allow the persistently idle and immoral to remain where they can injure others.

The personal influence of the President and Faculty is exercised to encourage the young men in the discharge of their duties, and the co-operation of parents is solicited.

REPORTS TO PARENTS AND GUARDIANS.

Daily reports of conduct and weekly reports of studies are made to the President. From these, semi-quarterly reports are made to parents and guardians. The reports to parents show the absolute and relative standings in each class, the number of absences from classes, and other facts that may be thought of interest.

RELIGIOUS AND MORAL CULTURE.

Prayers are held every morning in the chapel, and the faculty and students attend.

Students are required to attend the churches of their choice every Sabbath morning; and they do, of their own accord, generally attend Sabbath-School in the morning and church at night.

SOCIETIES.

There are, in connection with the College and in successful operation, two Literary Societies—the Philomathic and the Franklin. These Societies are provided with well selected libraries; and they are regarded as valuable aids to the student in the formation of a literary taste, and in affording opportunities for exercise in debate, and in obtaining a knowledge of parliamentary rules.

All students in the College classes are required to join and attend one of the Societies, or to recite on Saturdays to one of the Professors.

Secret Societies are not allowed.

At the Annual Meeting of the Board of Trustees of Howard College for 1881, the following preamble and order were passed :

WHEREAS, The influence of Secret College Societies has proved, in the general experience of educational institutions, unfavorable to discipline and scholarship, and therefor to the welfare of Colleges and to the best interests of students, it is hereby ordered by the Board of Trustees of Howard College,

That no student of this institution, who may, after the first of September, 1881, become a member of such Secret Society or Fraternity, shall be eligible to the offices or honors of Howard College.

LOCATION.

The location of Howard College is all that could be desired. Marion is situated on the Selma and Greensboro Railroad. The road places this town in direct and daily communication with Selma and the great lines of travel running through the latter place. Howard College is thus quite accessible by railroad from all quarters of the State, and from the adjoining States. In addition to Howard College, there

are located here two large and prosperous Female Seminaries. The town also contains five churches—the Baptist, Methodist, Presbyterian, Episcopal, and Christian. With these surroundings, and with a population of three or four thousand inhabitants, it is evident that Marion affords the wholesome restraint of a moral and intelligent community, without presenting those extraordinary temptations to young men incident to great centres of trade.

BUILDINGS

The main College edifice contains a large Chapel, Library, Apparatus Rooms, Laboratory, Halls, and Offices.

The Dormitory Buildings, comprising the North Hall and the South Hall, contain fifty-four Dormitories, eighteen feet square, together with recitation Rooms.

The Library Room has been much improved, and valuable contributions have been made by :—

General Jno. T. Morgan, U. S. Senator 12 Volumes.

General C. M. Shelly, M. C 11 “

Hon. J. L. Pugh, U. S. Senator, 10 “

Other contributions by the friends of education are solicited. Students have free access to the Library.

CABINETS.

The Geological and Mineralogical Cabinets contain a large variety of specimens. A handsome series of Maps and Charts and Engravings, has been procured to illustrate Lectures on Geology.

APPARATUS.

The Institution is in possession of an excellent Chemical, Mathematical, and Philosophical Apparatus.

THE SCHOLASTIC YEAR

Is divided into two terms. The first begins October 1st, and ends January 31st. The second begins February 1st, and ends June 15th.

Expenses.

Payable Oct. 1st and February 1st—Strictly in Advance. FOR EACH TERM.

Tuition and board	\$ 85 00
Furnished room, fuel, servants' hire,	22 00
Washing.	4 50

Total,	\$111 50
Expenses per term in College Department for sons of Ministers,	\$96 50
Expenses per term in Preparatory Department for full pay Students	96 50

All students who are not well prepared in English Grammar, Arithmetic, and Geography, are classed in Preparatory.

To cover any damages, \$5.00 additional must be deposited; but only so much will be retained as is necessary to cover specific and general damages.

When a student leaves College, all fees, except tuition and medical, are refunded.

ACCOMMODATIONS.

The dormitory rooms are large, and are comfortable in winter and in summer. They are furnished with beds, bedding, tables, wash-stands, mirrors, and other articles of convenience and comfort. Perfect order is preserved; and everything conspires to secure comfort and facilitate study.

The Boarding Department receives special attention of the College authorities; and the dining hall is presided over by an accomplished lady housekeeper.

PERSONAL ATTENTION OF THE PROFESSORS.

The Professors devote all their time to the students, giving instruction in the class-rooms during the day, and visiting the dormitories night and day. Parents committing their sons fully to the care of the College officers, may be assured that physical comforts, moral influences, and intellectual training will be provided.

To avoid distracting influences, to command full attention, and to facilitate study, young men are required to board and lodge in the College, unless their relatives live in town, or unless the Board of Trustees, for special reasons, allow otherwise.

THEOLOGICAL STUDENTS.

Theological students who come with licenses from their churches do not pay any tuition fee.

SONS OF MINISTERS

Have the privilege of the College at reduced rates.

CADET CORPS.

For the purpose of giving physical development, erect and graceful carriage, and in order to impart a knowledge of military art and science, such students as desire, can join the Cadet Corps, which is drilled not more than one hour a day and at such time as not to interfere with studies.

. UNIFORM.

On all occasions, the cadets are required to wear the uniform, consisting of grey cloth pants, coatee, and cap, costing about \$24.00. Other students are not required to wear the uniform. Those who intend to become cadets should bring from home a full supply of underclothing, but only one suit of outer clothing; for all citizen's dress must be locked up in the quartermaster's store-room after joining the Cadet Corps.

MEDICAL ATTENTION.

In order that students whose parents live at a distance may have medical attention whenever desired, the Board of Trustees have secured the services of two good physicians, one or the other of whom visits the College daily, or as often as necessary. For this service, all the students from abroad are required on matriculation to pay a *fee of five dollars*. This fee secures medical attention for the *entire* scholastic year.

VACATION.

There is no vacation during the Session. One day is given at Christmas.

COMMENCEMENT AND DEGREES.

1. The Annual Commencement is held on the THIRD WEDNESDAY IN JUNE.

2. No student is admitted to a Degree or permitted to take any part in the Commencement Exercises, unless he has creditably sustained all his examinations, performed such other exercises as may have been assigned him, and settled all College dues, including a graduating fee of five dollars.
